JAPANESE DEFEAT.

Reported From a Reliable Source
That They Received a
Heavy Blow.

DROVE BACK TO FANG WANG CHENG

Seventy Thousand Russians Are Said
to Be Marching to the Relief
of Port Arthur.

Report of the Destruction of Two Japanese Warships Off Port Arthur
Is Officially Confirmed By
Adm. Togo.

New Chwang, May 20.—It is reported here from a reliable source that the Japanese army from the Yalu river has received a heavy blow and been driven back to Fang Wang Cheng.

Wei Hai Wei, May 20.—The British sloop-of-war Espiegle has started for New Chwang to protect British interests there.

London, May 20.—A. G. Hales, correspondent of the Daily News, cables from Tien-Tsin as follows, under date of May 19: "It is reported that 70,000 Russians are marching to the relief of Port Arthur and the Japanese are consequently hastening offensive operations. Forty-five thousand troops have already been landed at Kin Chau and Talien Wan, thus entirely investing Port Arthur. The Japanese advanced lines are seven miles from the Russian batteries. Skirmishes occur daily along the railroad.

"It is believed that the Japanese intend attacking Port Arthur with the entire force when it numbers 50,000 men. They are mounting six-inch naval guns on steel wheels, with the object of silencing the Russian batteries.

"The Manchurian railway south of Harbin is constantly broken by Chinese marauders, and the Russians threaten reprisals. The Russians admit that they have to contend with terrible difficulties along the whole line. Their men, however, are behaving splendidly and they are very confident."

Tokio, May 20.—Adm. Togo reports as follows: "At 14 minutes past 1 in the afternoon of May 15, in a deep fog off Port Arthur, the Kasuga rammed the Yoshino, sinking the latter in a few minutes. Ninety of her crew were saved. The same morning the Hatsuse, while cruising off Port Arthur covering the landing of the soldiers, struck a mine 10 knots southeast of the harbor entrance. She sank in half an hour. Three hundred of her crew were saved by torpedo boats."

Washington, May 20.—Advices received at the Japanese legation from Tokio confirming the press account of the sinking of the cruiser Yoshino and the battleship Hatsuse, state that after the Hatsuse had been struck by Russian mechanical mines a Russian flotilla of 16 torpedo boats and destroyers appeared but were repulsed by the Japanese cruisers, which saved 300 of the Hatsuse's crew, including Adm. Mashiba and Capt. Nakao.

A FIERCE BATTLE.

Two Thousand Russians Killed or
Wounded at Hien Yen Cheng.

London, May 20.—The Standard's correspondent at Tien-Tsin cables that while the Japanese fleet was covering the landing of troops near Kai Chau on Monday, a fierce engagement occurred at Hien Yen Cheng. Two thousand Russians were killed or wounded. The Russians retreated and the Japanese occupied both Kaiping and Kai Chau. The Chinese governor at Cheng Chow has received news, the correspondent adds, that the Russians have destroyed the railway between Tashichiao and New Chwang.

Paris, May 20.—The correspondent at St. Petersburg of the Echo de Paris says: "The Russian cruiser Bogatyr grounded during a fog on the rocks near the entrance to Vladivostok. Her position is critical. The crew was saved."

Lynch was re-elected by a majority of between 3,000 and 5,000. J. W. Bramwood was elected to succeed himself as secretary by a majority estimated at between 12,000 and 15,000.

Charles E. Hawkes, of Chicago, once vice president of the organization, opposed Lynch and in the large cities, Cincinnati, Washington, Indianapolis, New York, Philadelphia, Boston and others he either defeated Lynch or was outvoted by a small majority. In the small locals, however, Lynch was supported heavily. The union numbers 46,000 men at present. The Indianapolis printers voted against Lynch. The vote in this city was 237 for Hawkes and 157 for Lynch.

Amid Gorgeous Surroundings It Opened in Festival Hall, World's Fair.

St. Louis, May 20.—Amid the most gorgeous surroundings that have probably enhanced any convention held in this country, with cascades pouring their torrents down the waterways into the lagoon and thousands of electric bulbs illuminating the scene, the world's press parliament convened Thursday night in Festival hall, the crowning feature of the entire World's fair picture. Thousands of visitors thronged the terraces and a steady stream pressed towards the entrance of the great white dome buildings seeking entrance. Every nook and corner bore a palm or green-leaved plant and back of the stage stood rooms of high spreading palms forming a canopy of emerald hue.

Both of Lewis' legs were broken and he was seriously bruised while Frying Pan suffered a left front leg broken and had to be shot. Lawrence, who was unhurt, remounted Adare and continued the race.

M'DONALD TRIAL.

The Bloody and Mud-Caked Clothing of the Murdered Girl in Evidence.

THE PLASTER CAST OF FOOT PRINT.

There Were No Marks Found on the Body to Indicate an Attempted Assault.

While Talking With Geo. Ikard About the Murder of Miss Schafer McDonald, the Accused Man, Seemed Confused.

Bedford, Ind., May 20.—The bloody and mud-soaked clothing of the murdered girl was introduced in evidence while Sheriff Smith was on the stand. While it was in evidence the father and brother of Miss Schafer left the court room. The outer garments were matted with cinders and blood, the underwear torn and the stockings caked with mud along the front from the shoes to the knees, showing she had been on her knees and had been dragged during the struggle.

Miss Eva Love, roommate of the murdered girl, was called to the stand. The defense failed to eluce any evidence connecting any outside person with knowledge of the murder.

Miss Love testified that she was Miss Schafer's roommate from January 3 until January 14, when she went to Indianapolis and did not return until after the murder. In substance Miss Love's testimony was similar to preceding testimony. At the conclusion of Miss Love's testimony Mayor Smith was called to identify the clothing taken from the body of the murdered girl.

Drs. Freeland, Short and Ferry, who performed the autopsy, stated positively that there were no marks on the body to indicate an attempt to commit assault.

George Ikard told of walking on the street with McDonald after the murder and relating the circumstances of the murder. Ikard testified that when he said that he believed the murderer was a Bedford man and if caught he would like to help hang him, McDonald seemed confused.

Mayor Smith was recalled and told of visiting the cab-shed after the murder and of being present when McDonald was arrested and when the plaster cast of the foot print in the alley was made. He also told of accompanying Detective Reed and McDonald to the alley when the latter was asked to place his foot in the foot-print. McDonald's shoe and the plaster cast were introduced as evidence.

Lawrence Cosner, McDonald's employer, testified that Detective Reed had told him that McDonald would kill both Reed and Cosner if he was not convicted.

THE DEFENSE BEGINS.

Five Minutes on Night of Murder to Be Accounted For.

Rising Sun, Ind., May 20.—Contrary to rumor, the defense in the Gillespie case did not Thursday morning move for the dismissal of the accused before offering any testimony.

They reserved the right to do this after the close of the case and before the arguments were made. On the opening of court Congressman Griffith made his address to the jury, outlining the defense.

Jim Gillespie has but the brief period of five minutes on the night of December 8 to account for to the satisfaction of the jury and he will go acquitted. The testimony of the state has so traced him that only these few minutes remain to stand against him. It must, in the natural course of proceedings, be shown in the alibi to be presented in his behalf, where he was from the time that he left the kitchen of the Seward home until he was seen at the lattice gate between the Seward and Boyle houses. The testimony of Mrs. Jane Boyle fixes from the state's side the time period. In her testimony she declared that five minutes elapsed from the firing of the shot until she saw Jim with his sister, Mrs. Seward, in conversation at the gate.

It is the general belief, by the line of cross-examination pursued by the defense, that it will be sought to prove that James Gillespie went from the Seward home to an outhouse and remained there until after his sister Elizabeth was shot, then started along the walk between the two houses, going toward the front yard of his home, when he encountered at the lattice gate his other sister, Mrs. Seward, who, a moment before had cried out, "Where is Jim?" and had then said, "He went to the outhouse."

Congressman Madden Renominated. Chicago, May 20.—Martin B. Madden was nominated for congress by the republicans of the First district.

PRICES TOO HIGH.

Dickering For a Site For a Union Depot at Lexington.

Lexington, Ky., May 20.—As the result of the negotiations between the railroad officials and city representatives, which were reopened here Thursday, it is said that Presidents Smith and Stevens, of the L. & N. and C. & O. railroads, favor the purchase of the old city hall as a site upon which to build the Union depot.

The consideration is now all that stands between the trade. It is reported that the city, through Mayor Combs, placed the price at \$40,000, which the officials regard as too high. The railway magnates left Thursday afternoon, President Stevens going to New York and President Smith to Louisville.

FATAL SHOOTING.

Another Feud in the Mountains May Follow It.

Owingsville, Ky., May 20.—As a result of a fight between mountaineers near Salts, Leslie county, Ed Saylor and Bob Burns were shot and fatally wounded by John Caldwell and Arnold Belcher. The fight occurred at a celebration to commemorate the retirement of Z. R. Caldwell from the office of deputy sheriff of Leslie county.

Besides the ones mentioned others were seriously wounded. Friends of all the parties are arming themselves, and it is feared this trouble marks the beginning of another mountain feud.

Henderson, Ky., May 20.—The American Tobacco Co. and the Imperial Tobacco Co. cases were dismissed in the circuit court. Panama, May 20.—Gov. Davis Thursday issued a proclamation from "The Office of the Governor of the Isthmian Canal Zone, Culebra, May 19," and addressed "To the Inhabitants of the Canal Zone." The proclamation enumerates the rights acquired by the United States in Panama on the zone by virtue of the canal treaty and says that for the maintenance of order within the zone, so that the inhabitants may be protected in the full enjoyment of their liberty, property and religion, President Roosevelt has been empowered by congress to establish a temporary government in the zone.

All matters of legislation, the proclamation says, have been delegated to members of the isthmian canal commission of whom four constitute a quorum for legislative purposes, but it is provided that the governor of the zone and the commission shall exercise their powers and carry on their work under the supervision and direction of the secretary of war.

The laws of Panama in force in the zone on February 26 are to continue in force until annulled by the commission.

The proclamation points out that the people are entitled to security in their person, property and religion and in all their private rights and relations, and says that "They will be disturbed as little as possible in their customs and avocations that are in harmony with the principles of well ordered, decent living, but there are certain great principles of government that are the bases of our existence as a nation which are deemed essential to the rule of law and the maintenance of order, and these will have force within the canal zone and in other lands on the isthmus that are controllable by the United States."

Accompanied by Rr. Adm. Sigsbee, Capt. Wainwright, Maj. Black and Lejeune, Secretary Legarde, Lieuts. Hetherington, Macauley and Brooks and several aides, Gov. Davis was received with great ceremony by President Amador and the state secretaries Thursday.

The great music loving and music knowing public of the Queen City made the acquaintance of an artist in Mr. Brahm Van den Berg, and the storm of applause with which he was honored gave unmistakable proof of how much they enjoyed his acquaintance. He is a master of piano playing who commands a brilliant technique and a really magnificent delivery. CURE CATARRH BY BREATHING.

J. J. Wood & Son Offer to Return Money if Hyomei Treatment Fails to Cure Catarrh Without Stomach-Dosing.

If for a few minutes four times a day you breathe Hyomei, all catarrhal germs will be destroyed and the irritated mucous membrane restored to health.

With every Hyomei outfit there is a neat inhaler which can be carried in the purse or pocket. Hyomei breathed through this contains the same healing balsams that are found in the air upon the mountains, where catarrh is unknown.

It destroys all catarrhal germs in the air passages of the head, throat and nose, and makes a positive and permanent cure of catarrh.

The complete outfit costs but \$1, while extra bottles of Hyomei can be obtained for 50c, making it one of the most economical of treatments for catarrh.

J. J. Wood & Son believe so thoroughly in the merit of Hyomei, that they guarantee to return the money if it fails. This is the strongest evidence they can give of their faith in the Hyomei treatment. It enables any one to use Hyomei without risk of spending money for nothing.

Ask J. J. Wood & Son to show you a Hyomei outfit and explain to you what a simple and easy way it is to relieve and cure your catarrhal troubles.

A Lesson for Tobacco Growers.
[Dover News.]

Listen to no siren songs from the Continental hidden rocks this year. The trust will move heaven and earth to keep the farmers from coming together on the 1904 crop. They have paid dearly for the lessons on organization taught them by the trust this year, and they will turn the trick themselves next time. They can do it and we believe they are foresighted enough to do it.

THE CHILDREN AND US.

There is no house in the State of Kentucky that is paying more attention to their children's department than we are. We are making a special effort to care for the young folks because we realize that this store will some day be dependent on these children for its support. We can furnish the child with clothes from the minute it's born until its time to depart. We want the children to know us like the famous Castoria. When they are children they cry for MERZ BROS. When they become Misses they cry for MERZ BROS. When they become women they cry for MERZ BROS. It does no child harm to be in close touch with a progressive house like this, it stimulates them on to great ideas and undertakings. DON'T STOP THEM, Maysville has had enough of OLD FOGIES.

It might not be amiss to tell a little story that was overheard a few weeks ago when four little youngsters, ages 7 to 10, were playing on the site that was burnt down, now being erected for us. No. 1 said, "Merz Bros. are going to put up a store here." No. 2 said, "Yes they are for my mother read it in the paper." No. 3 said, "I knew it before it was in the paper," and No. 4, not to be outdone, replied, "I knew it the night it burnt down." Keep your eye on No. 4, he will be one of Maysville's greatest men. We wonder how many people thought of this, besides this boy and us, THIS WEEK we show a NEW LINE OF DRESSES for the 1 to 3 year old child. Something new entirely. See center window for display.

SISTER OF DR. WALL.

Mrs. Eliza Finnell Passed Away Wednesday at Little Rock, Ark., at the Ripe Age of Ninety-Two Years.

Dr. A. H. Wall received a telegram Thursday morning announcing the death of his sister, Mrs. Eliza Finnell, at Little Rock, Ark., on Wednesday evening. Mrs. Finnell was the widow of Judge Ben W. Finnell of Georgetown, Ky., and was in her ninety-second year.

This is the first death in fifty-four years in a family of remarkable longevity. Mrs. Finnell's demise leaves three members of the family surviving.—Dr. Wall, aged ninety-four, of this city, Mrs. Maria Coburn, aged ninety, of Carrollton, Ky., and Mrs. Amanda Flournoy, aged ninety-six, whose home is in California.

Dr. Wall is as hale and hearty as many men at the age of sixty. Recently he took a trip to Cincinnati one day, and the day following drove to his farm on the Germantown pike to look after some work that was being done.

Rev. W. G. McCready.
[Winchester Sun.]

The Rev. W. G. McCready is now closing up his work in this State, and will leave June 1st with his family for his new field in Easton, Maryland.

Mr. McCready is a man of fine executive ability and was prominently mentioned to succeed the late Bishop Dudley. His wife, who is a daughter of Judge C. S. French, is his worthy helpmeet.

We can heartily commend this worthy and talented family to the people of Maryland.

Men talk about the trickery and unreliability of lawyers, but when they are in trouble they employ them and trust them implicitly just the same. People say that you cannot believe the newspapers, but they buy and read them and accept the news therein as gospel truth just the same.—National Printer-Journalist.

MISSIONARY MEETING.

Opening Session of Women's Presbyterian Union at Central Church Greatly Enjoyed—Dr. Paynter to Speak This Evening.

The Women's Presbyterian Union of Ebenezer Presbytery convened in annual session last evening at 8 o'clock at the Central Presbyterian Church. The services opened with an anthem by the choir, followed by prayer by Dr. Molloy and then a duet by Mrs. Cummings and Mr. Muse.

In words fitly chosen the accomplished Miss Gordon extended a most cordial welcome to the delegates and others present.

The response was given by Mrs. Hopkins of Catlettsburg. Her address for its originality could not have been excelled, and it was received with great enjoyment by all present.

Miss Wadsworth then favored the audience with a beautiful solo, rendered in a most charming manner.

A reception to the visitors, the various missionary societies of the city and members of the congregation followed. De lightful refreshments were served by the ladies of the Central Church, and the social hour proved very enjoyable. The church was beautifully decorated with snow balls and potted plants.

The convention will be in session all day and the public is most cordially invited. Rev. Paynter, a missionary to China, will speak this evening. The music will be quite a treat.

Dr. Paynter has spent thirty years in China and in his address to-night will give his views of the "Yellow peril." His long residence among this people has fitted him in an especial manner to speak on the subject, and his address will prove very interesting.

There is a large attendance at the convention, delegates being present from as far east as Catlettsburg and as far west as Covington.

The Lewis Circuit Court is in session.

Real estate at Ripley has taken a boom since the completion of the railroad to that point. Sixteen hundred dollars was refused for a piece of ground that was bought a few months ago for \$800. A new brick company which has been organized offered \$100 an acre for twenty-five acres in the bottom above town. This fancy price was refused. Then \$125 an acre was offered.

D. Hechinger & Co

"Where do all of your customers come from, anyhow?" asked someone in our house last Saturday. Well, "it did look a little crowded." Many of our customers, however, waited patiently until we found time to wait on them. Why should you not come to the great HOME STORE for your Clothing, Shoes, etc.? No other house in the State shows such a variety of good merchandise. Here you find the choicest productions of the Stein-Bloch Co., L. Adler Bros. & Co., and the greatest line of young men's Suits made by Garson Meyer & Co. To those who wear clothes made by above firms we need say nothing. You who have not worn them are the fellows we are after. Come in and try on a suit. We want to show you what kind of clothes you should wear. "Don't be afraid of the price;" they won't cost more than the ordinary run of clothes.

From a side issue our shoe trade has assumed such proportions that it is now one of the chief features of our business. Hanan and Douglas, Do you know of any better?

Shave Yourself

It is a pleasure and real home comfort with the genuine "Three Star," the original and mechanical perfect Safety Razor. Saves money, time and inconvenience. The expense of being shaved by a barber amounts to about \$40 or \$50 a year to the average gentleman. It is impossible to estimate the value of time lost in the barber shop, as you are very often compelled to wait until the barber gets ready to call "next." To shave comfortably with the Star takes from three to five minutes and requires absolutely no experience. It is impossible to cut your face or even scratch same while shaving yourself.

The Star Safety Razor

has been on the markets of the world for the last quarter of the century, has always proved that it is what it professed to be—"The Gentleman's friend." It has given such absolute and general satisfaction that it hardly seems necessary to call attention to the fact that it is the first Safety Razor that does not belie its name and which renders shaving an easy and convenient luxury.
